

Dear Parents and Guardians,

I'm excited to announce that the "ReCentering Parenting" six-week course is coming to Cherokee Point Elementary School beginning Tuesday, January 25, 2011 at 6:00 pm. Michael Clark, Parent Involvement Expert, and Chief Executive Officer for ReCenter, will be offering this highly successful parent involvement course to our parents, guardians and students. Mr. Clark has delivered thousands of dynamic presentations to thousands of parents, students, teachers and counselors from over thirty countries.

Students' academic performance has never before been more important for determining current and future success. Research has proven that effective parent involvement is one of the most important factors in determining students' academic success. Yet, many parents find it very difficult to support their children's academic performance in and out of the classroom.

"ReCentering Parenting" empowers parents with simple, practical and powerful tools for transforming student performance. Thousands of parents are currently using the knowledge to create improvements in every aspect of their family lives.

This life-changing six-week experience is offered at no cost to parents, guardians and students. Parents are encouraged to go through this transformational experience with their middle and high school children. Free childcare is available for younger children.

"ReCentering Parenting" takes place on the following dates and time:

January 25, 6:00 pm – 8:00 pm

February 15, 6:00 pm – 8:00 pm

February 1, 6:00 pm – 8:00 pm

February 22, 6:00 pm – 8:00 pm

February 8, 6:00 pm – 8:00 pm

March 1, 6:00 pm – 8:00 pm

Please do not miss this opportunity beginning on Tuesday, January 25, 2011 at 6:00 pm. We look forward to seeing you and your children at the course. Please feel free to forward this information to others and to invite friends. Thank you in advance for your support and participation.

Sincerely,

**Susan Martinez
Executive Director, Special Education Department
San Diego Unified School District**
